Special
Children**

Post Separation Parenting following DOMESTIC ABUSE

Support group for mothers

A monthly, confidential, **peer to peer support group for mothers**
who have **separated from an abusive partner.**

Domestic abuse can have a damaging impact on victims and their families.

The effects can be long term and across all areas of a survivor's life.

We know that abuse doesn't always end with the relationship.

We discuss, support and signpost, covering many topics such as:

All aspects of Post-Separation Abuse | Special Educational Needs | Support services
Contact issues | Child-to-Parent Abuse | Trauma | Mental Health

For further information, or referral, please contact:

lisa@parentingspecialchildren.co.uk or katie@parentingspecialchildren.co.uk

Telephone: 07557 102623

Please note that this is not a domestic abuse advisory service.

We signpost and refer mothers and children, to local specialist services, as needed.

Attendees' child/ren may or may not have special needs.
